WORLDWIDE!
Across the continent and around the globe, L&M Truck Parts is renowned for the reliability of its product, the speed of its response, the expertise of its people. Our export department is fully versed in handling contractual and currency issues for projects worldwide, and distance is no obstacle when it comes to ongoing support of the site. With a full inventory of the top brand-name parts you need to keep the wheels turning, you can plan on keeping your people productive.

QUALITY, DELIVERY, PRICE!
We have been able to increase our business because the parts we supply perform reliably and are priced competitively. Our plans are to continue expanding L&M and to concentrate on supporting our international dealer network.

WIDEST, HIGHEST, LOWEST, FASTEST!
Our business philosophy is simple: we stock the widest range of the highest quality parts available, we deliver them in the fastest time, at the lowest possible price. The success of this philosophy shows in the number of our repeat customers. Satisfied dealers, who continue to order, have helped L&M become one the fastest-growing parts suppliers across North America and around the Globe.

At **Hydraulic Breaker Service** we specialize in servicing breakers that your local dealers might say are beyond repair due to excessive **wear, cracks or cost**.

How many times have you sent out a hammer only to find out it's repair cost exceeds 50% or higher than that of a new hammer?

This is where Hydraulic Breaker Service enters the picture. With our high quality precision work we can save you the exorbitant cost that other shops and dealers charge. Saving your company both time and money. You’ve invested a lot of money into your equipment, make sure that you protect it.

**CRACKED HEADS**

Due to dry firing, prying or improper use.

**NOT A PROBLEM!!**

At Hydraulic Breaker Service we specialize in refurbishing cracked front heads, whether just small hair line cracks or completely cracked in two.

We also stock a wide range of used and rebuilt tool holders and front heads.

**HAMMER DIAGNOSTICS**

**Cylinder**

Worn out or pitted? We can build it up and rebore it to specifications or if need be replace the cylinder entirely.

**Piston**

Cracked or scoring? Can be rebuilt or replaced.

**Thrust or Impact Ring**

Egg shaped or cracked? Can be built up and rebored to specs or replaced.

Every hammer we repair is cycle tested for proper operation before it leaves our doors.

**MANUFACTURING**

In addition to repairing your hammer, we also manufacture numerous parts needed in maintaining a hydraulic hammer. All our manufactured parts meet OEM quality and specifications to ensure premium performance of your hammer.

**WE STOCK A WIDE RANGE OF NEW & USED PARTS FOR ALL MAKES OF HYD. HAMMERS. WE ALSO SELL NEW & USED HAMMERS: NPK, ALLIED, RAMMER, KENT, TRAMAC, BTI, INDECO.**

Will You Be Ready for Next Season?

Call today and ask about our Brandeis Performance Check (BPC). Let a Brandeis factory-trained product support representative check your equipment for anything that might slow you down when next spring rolls around. An equipment audit now will enable you to schedule repairs during the off-season, ensure reliability and keep your machines performing at optimum levels. Brandeis is committed to providing unmatched levels of service and support solutions for your equipment needs. We service all makes and models.

Brandeis offers the following services:
- Komatsu OEM remanufactured components
- A rebuild shop
- Power Train Assurance Program
- Free undercarriage inspections
- Brandeis Oil Sampling Services (BOSS)
- Service trucks equipped with air compressors, welders, cranes and specialized tools for on-site diagnostic and repair services
- Brandeis Performance Check (BPC)
- And much more

Use your slow time now to prevent downtime later.

Providing you with the parts you need... worldwide.

IPS maintains a large inventory of parts that can be shipped within the same day of order placement at our warehouses.

These central locations and close proximity to our freight forwarders allows us to send local, continental and overseas shipments with ease, including everything from 40’ chord angles to swing assemblies. We also have contracts and access to most major trucking lines as well as air shipment capabilities via Emery, FedEx, Box and UPS allowing your shipments to go prepaid directly to your customer or collect.

However, should we have to either order the part or have it specially manufactured, we will provide you with lead times and personally track your order.

Not midnight oil.

Your mechanics can work around the clock to get your vehicle back up and running, but if they aren’t using the right parts, it’s just a costly waste of time. Restore original functionality by using Genuine ZF Life² parts and remanufactured transmissions, axles, torque converters and mixer drives.

Genuine ZF Life² products have been designed to work cooperatively to achieve optimal system performance and maximum life. Whereas non-genuine offerings typically cause more harm in the long run, ZF Life² products and service help minimize vehicle downtime and decrease maintenance costs, while restoring original system integrity.

Don’t get burned. Order Genuine ZF Life² original parts and remanufactured units from a ZF Authorized Off-Road Driveline Distributor.

Does Your Body Look Like This?
Investment Protection
The Bedliner Cushions the blow of Loading, also takes the abuse of
the load sliding, wearing the parent metal of the box. Your hard
earned money needs to be protected from daily wear & tear.

Safety
Releases the loads quicker keeping the box closer to the ground making
it less likely to overturn.
